October 14th, 2018

June Cole Creative Agency is an event production, talent management, marketing and brand development company that creates and supports the creation of entertainment that combines Education and Positive Media - or “EduMedia”.

MISSION: June Cole Creative Agency aims to educate audiences seeking cultural awareness and enlightenment through live performances and interactive events that positively represent cultures in historical and modern contexts.

June Cole Creative Agency Presents **Mélange**, an educational and entertaining evening shining light on love for self, the human race and the planet Earth through yoga, fashion, food, performance, and talks.

FASHION: Mélange uses its platform to protest the social injustices rampant in the fashion industry by spotlighting eco-friendly designs on the runway. The show highlights the benefits of repurposing/upcycling and using sustainable materials through creative and beautiful apparel and styling.

FOOD: Mélange shows how compassion for the earth and personal health intersect with the fare offered. Miami’s **Drigo the Culinary Alchemist** brings his hand-crafted vegan tapas to the table, bites that will impress even the staunchest carnivores. A curated open bar by the Bar Dolls accompany the tasty treats.

PERFORMANCE: **Mélange** vibrates with the sounds of tomorrow, rare grooves, electronic rub-a-dub and afrofuturist tunes. DJ Corey Chase is on the 1s and 2s to keep the evening flowing effortlessly. The experience pulsates with live energy from Jamaican chanteuse **Jah9 and the Dub Treatment** and Neo-Soul Hip-Hop duo **OSHUN**.

Jah9’s engrossing Dub On Yoga incorporates the ancient art of breath power with the contemporary sounds of rub-a-dub combined with smooth movement — creating a voyage into the future. **OSHUN’s** amalgam of youthful exuberance and cosmic sophistication invoke the spirit of the ancestors while fully embracing today’s womanism. The soul, jazz and hip-hop fusion and “Nubian Mafia” imagery evoke power, strength, beauty and fun.

TALKS: **Mélange** welcomes **KT the Arch Degree** from GreenLife Botanicals to share his knowledge on Health and Wellness gained through his lifelong studies with the Usha Herbal Research Institute and his late stepfather – the inimitable Dr. Sebi – KT has become a renowned expert on alchemy, physiology, anatomy, metaphysics and nutrition and its effects on the human body. Taking on the title and duty as ethnobotanist, KT has made it a lifelong mission to educate and stimulate actions of self care. Guests will be empowered with new ways to create optimal health in order to live their best lives.
